"News of the CAP" for Agri-Food cooperative

The Conference on "New CAP 2016", organized by Agrifood Cooperatives of Castilla-La Mancha, has focused on issues such as the single application, Basic Pay, helps Pillar, the incorporation of young and improving operations. Globalcaja, which has also been sponsoring the event, has shown its commitment to the agricultural world of the region in such an important issue for the community as is everything related to the CAP.

Globalcaja has been present at the Conference on "New CAP 2016", organized by Agri-Food Cooperatives of Castilla-La Mancha, which took place in Tomelloso and has had the assistance and participation of the second vice president of the company, Rafael Torres and the director of Banca Rural, Alberto Marcilla. Globalcaja is thus committed to the agrarian world of the region in such an important issue for the community as is everything related to the CAP.

In this sense, they have demonstrated both Rafael Torres and Alberto Marcilla, indicating that Globalcaja has been on this journey by vocation, "because we are a Caja Rural serving all sectors and of course, our roots, to the world of field "and obligation" beyond funding, Globalcaja always seeks a return to the sector, the pursuit of wealth, profitability, development, etc., also through collaborations with multiple entities and bodies ".
Both have stressed the importance of holding such a day, to give value to a sector of great weight in Castilla-La Mancha and with a CAP that has important news.

The Minister of Agriculture of Castilla-La Mancha, Francisco Martínez Arroyo, accompanied by the director of Cooperative Agro-food Castilla-La Mancha, José Luis Rojas, by the first deputy mayor of

Tomelloso, Ivan Jesus Rodrigo, the territorial director CaixaBank in Castilla-La Mancha and Extremadura, Maria Jesus Catala, and the director of Rural Banking GlobalCaja, Alberto Marcilla, inaugurated the conference, which was attended by rectors, managers, technicians and partners agri-cooperatives in the region, fundamentally, and representatives of public and private entities linked to the sector.

This event has been reporting on developments affecting the unified grant application 2016, the basic payment, allocation and assignment of rights and aid under the second pillar that must apply: organic farming and other agro-environmental measures, incorporating young, improving farms, etc.

What's New PAC 2016

After the opening, the head of Service Integrated System and direct support of the Ministry of Agriculture, Juan Ramon Serna, has addressed the "News of the Single Application", giving a general overview of the general requirements: active farmer, agricultural activity crops and pastures greening, support by sector, coupled aid system in agriculture, graphic capture, etc.

Then the head of Rights Management Service Payment of the CAP, Marta Cardero, has reported on the "Basic Pay", namely the allocation of definitive duties 2015-2019, assignments, such requests to the national reserve and payment for young farmers 2016.

Then, the service manager of AEM, Javier Plaza, explained the "Pillar Aids to request in the CAP 2016", organic farming and other measures agroambientales.Y finally sectoral aid technician PAC Cooperative Agro -alimentarias Castilla-La Mancha, Nuria Villanueva, explained on "Incorporating youth, improving farms. Conclusions".

The closing of the day has been made by the deputy director of Cooperatives, Juan Miguel del Real, and the General Director of Agriculture of the Ministry of Agriculture, Environment and Rural Development, Cruz Ponce.
